

2024 CORPORATE GOVERNANCE STATEMENT

INTRODUCTION

This 2024 Corporate Governance is current as at 20 August 2024 and has been approved by the Board of Directors of the Company.

This statement outlines the main Corporate Governance practices that have been adopted by the Board which, unless otherwise stated, comply with the 4th edition of ASX Corporate Governance Principles and Recommendations issued by the ASX Corporate Governance Council. The appropriateness of the adopted practices is subject to continuous review by the Board. Companies listed on the Australian Securities Exchange are required under the ASX Listing Rules to detail the principles and recommendations with which they have not complied and provide reasons as to why they have not done so.

The eight ASX Corporate Governance Principles and the Company's approach to these principles are as follows:-

1. *Lay solid foundations for management and oversight*

The Company has a Board of three non-executive directors and two employees, namely the company secretary/chief financial officer and a compliance manager. Due to the lack of complexity in the Company's operations no director acts as chief executive officer. In accordance with Board policy the company secretary/chief financial officer is primarily and directly responsible to the directors for the general and overall management of the Company.

The terms and conditions relating to the appointment and retirement of all directors are determined on a case by case basis within the requirements of the Corporations Act 2001 and the ASX Listing Rules. The Company provides directors and senior management, on appointment, a letter setting out key terms and conditions relative to their appointment so that they clearly understand their corporate expectations.

Under the Company's Constitution directors are subject to re-election by shareholders by rotation every three years. The Board has established a Nominations and Remuneration Committee whose responsibilities include identifying and overseeing the appointment of new directors with the necessary and desirable competencies. Prior to the appointment of directors, appropriate background and reference checks are undertaken.

Newly appointed directors must stand for reappointment at the next subsequent AGM. The Notice of Meeting for the AGM provides shareholders with information about each director standing for election or re-election including details of their relevant experience. Details regarding the current directors are included in the financial report for the year ended 30 June 2024, which is available on the company's website.

Letters setting out the terms of appointment have been issued and acknowledged in writing by each director.

The primary responsibility of the Board is to develop the overall strategy of the Company and to preside over the management of the Company to protect and enhance shareholders' interests. The Board's role is to ensure the Company meets its obligations and responsibilities in all areas affecting shareholders, the market and the community generally. The Board's roles and responsibilities which include strategic direction of the Company, governance and operating performance, are set out in its Charter which is reviewed on a regular basis. A copy of the Charter is available on the Company's website. The policies and procedures detailed in this Statement have been instituted by the Board to ensure that the Board's roles and responsibilities are complied with. The Board is assisted in the execution of its responsibilities by the Audit and Risk Committee and the Nominations and Remuneration Committee, both of which are chaired by an independent non-executive director.

2024 CORPORATE GOVERNANCE STATEMENT

1. Lay solid foundations for management and oversight (continued)

Meetings of the Board are held regularly during the year. In any month where a meeting does not take place the company secretary still prepares a detailed report for the Board's information and consideration.

The most recent performance evaluation and remuneration review conducted by the Nominations and Remuneration Committee for the company secretary/chief financial officer was carried out in May 2024, after reference to current market rates. Detail of remuneration for the company secretary/chief financial officer is set out in the financial report for the year ended 30 June 2024, which is available on the company's website.

The company secretary/chief financial officer is responsible to the Board for the implementation of the strategy and management of the Company. He manages the Company's operations in accordance with the strategy, business plans and policies approved by the Board to achieve agreed goals. He acts as public officer for taxation matters and is responsible for the Company's continuous disclosure requirements of the ASX.

The company secretary/chief financial officer is accountable directly to the Board through the Chairman for matters relevant to the Board.

The Company's policy on diversity stipulates that there is to be no discrimination in respect of gender, age, ethnicity or cultural background when seeking potential candidates for Board positions. This policy also applies to employees. Currently the Company has a Board of three male directors and one male and one female employee. The size of the Company's operations does not provide widespread opportunities to have a workforce covering all sections of the community.

2. Structure the Board to add value

The Board's policy is that, the majority of the directors must be independent non-executive directors not having a major shareholding in the Company, not having been a principal or employee of a professional advisor or consultant to the Company within the previous three years, not having been employed in an executive capacity by the Company and is free of any business or other relationship that could materially interfere with the exercise of their unfettered and independent judgement. Under the Company's Constitution 'The number of the directors shall not be less than three, nor, until otherwise determined by the Company in general meeting, more than five'. Two of the three directors are considered independent. The Chairman, Mr A G Rydge, due to his related interests in the Company, is not considered to be independent however, the remaining members of the Board do not consider that this in any way diminishes the effective conduct of the Board's functions.

The Company seeks to maintain a Board of directors with broad knowledge of and involvement in the finance and investment sectors with past financial and management experience, preferably with publicly listed companies. It is the Company's policy that there is to be no discrimination in respect of gender, age, ethnicity or cultural background when seeking potential candidates for Board positions. The Board has developed a matrix to consider the mix of appropriate skills, experience and expertise for Board membership. As well as the general skills expected for Board membership; the matrix includes items such as relevant experience in investment portfolio management and capital management.

The following table summarises the key skills and experience that the company seeks in its Board of Directors:

The Company has a Nominations and Remuneration Committee comprising at least three non-executive directors. This Committee is chaired by an independent non-executive director. The roles and responsibilities of this Committee are set out in its Charter, which is reviewed annually for appropriateness. In accordance with the Charter it evaluates on an annual basis and by discussion, the Board's and each individual director's performance. The Committee assesses the necessary and desirable competencies of Board members and reviews succession plans taking into consideration the range of skills, experience and expertise of the current members. The Committee also considers whether there is a need for existing directors to undertake professional development to maintain their skills. The last such review was performed in May 2024. Each director is required to notify the Board of any change in circumstances that could impair their position as a director.

Fees paid to the non-executive directors (there are no executive directors) are set each year by the Committee and, after reference to current market rates, are based on the nature of each director's performance and responsibilities. In accordance with the Corporations Act 2001 total fees for all directors are within the maximum amount of fees that have been approved by the shareholders at general meetings to be paid to the directors.

Directors do not receive any form of remuneration other than by way of payment of directors' fees for past service and the Superannuation Guarantee levy. No commitments have been given to make a payment to a director on retirement. They do not receive any options over shares in the Company. Details of directors' remuneration are set out in the financial report for the year ended 30 June 2024, which is available on the company's website. The Chairman meets with each director and officer to discuss matters affecting Board and management effectiveness as and when they arise. Each director also may at any stage raise appropriate matters with the Chairman.

Subject to prior discussions in a Board meeting, each director is entitled to seek independent professional advice at the Company's expense provided such advice is essential for the execution of the director's obligations. A copy of the advice received by the director is made available to all other members of the Board.

The Company does not have an internal audit function due to the lack of complexity in its operations however, the Company employs a part-time compliance manager who reports to the Board monthly on compliance with key internal control processes and reporting requirements and attends each Audit and Risk Committee meeting. Compliance with ASX Corporate Governance Principles and Recommendations

The Company complies, to the extent appropriate for an organisation of its size, with the ASX Corporate Governance Principles and Recommendations, with the exception of:

- Recommendation 2.5, as the Chairman is not considered to be an independent director due to his related interests in the Company. The remaining members of the Board do not consider that this in any way diminishes the effective conduct of the Board's functions; and
- Recommendation 3.3, as the Company does not have a "whistleblower" policy. Given the size of the Company and also taking into account compensating procedures undertaken, the Board does not consider that this exception impacts on the effectiveness of the Board's governance processes. Refer section 3 above.
